Subject: Microsoft Settlement

I am opposed to the proposed antitrust settlement against Microsoft. I believe the proposed settlement will allow Microsoft to continue practices which have been proven anticompetitive, and likely give them an even stronger hold on the desktop PC software market. This is unfair for competition. More than that, it is unfair for consumers who are left with no reasonable choice but to purchase Microsoft products. Please modify this settlement in a way that will benefit consumers more than it will benefit Microsoft.

Thank you,
